

Collision Avoidance

This presentation will review collision avoidance procedures for every phase of flight. It will also review the anatomy of the eye and brain and how your sensory system processes movement.

Directions: Enter through the main entrance for Pilot Petes, and follow the stairs on the left to the lower level. Proceed down the hall and follow the signs to Northwest Flyers.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
